WORKSHOP SERIES

Introducing the SP Tools modular workshop series:

SP Tools ultimate workshop system, now available ex stock.

The size, composition and layout is completely customizable, creating a workspace that can be tailored exactly to individual needs and space.

This luxurious and efficient solution is made of double wall construction of 2 x 1.5mm steel, finished with a double layer UV resistant powder coating and high -gloss anodized draw handles make this system a real eye catcher.

With soft close draws, 1-Meter-high bench tops and a deeper working surface than the industry standard, not to mention magnetic kick plates that can be removed for easy access or cleaning being just some of the features, this product is class and full of value-added extras.

Tried and tested in New Zealand conditions over the last 2 years in prestigious service centers such as: Kia Nth Shore, Audi Cupra Nth Shore, Lexus of Auckland, Jaguar Land Rover training Centre and Cadillac Auckland, where quality presentation and reliability is a must.

With our 10-year Industrial Quality warranty, and with SP's own team involved from concept and design, all the way through to installation... we're confident you will be more than happy with your very competitively priced professional fit out!

If you're interested, please feel free to contact sales@sptoolsnz.com or call 09 9307402 in the first instance.

"I recently had the pleasure of dealing with SP Tools NZ Ltd for the workshop and tool-box set up at the new Giltrap Audi/Cupra North Shore. I cannot recommend them highly enough. From start to finish their professionalism was evident, making the entire process smooth and stress free. The team's attention to detail was second to none, ensuring every aspect of the installation was handled meticulously. Their workmanship was excellent, reflecting both skill and dedication to delivering the highest quality service. If you're looking for a team that combines expertise, precision, and a customer-first approach, SP Tools NZ Ltd are hard to beat."

① 50% DEEPER, 20% HIGHER

This workbench is designed by people who use it on a regular basis. As a result, it is higher than regular workbenches and as much as 50% deeper. A full-fledged workbench for the toughest of tasks!

② LUXURY WORKTOPS

The thick stainless steel (40 mm) has increased resistance to dents, corrosion and heat. Moreover, it provides an easy-to-clean and well-arranged surface to work on.

③ EXTREME DUTY DOUBLE WALL CONSTRUCTION

This unprecedentedly sturdy workshop series is up to 60% stronger than competing series. The solid double wall construction of 2x1.5mm steel makes this our sturdiest workshop series ever!

④ KITCHEN-STYLE SOFT-CLOSE

Our high-end, ball bearing drawer slides featuring kitchen-style soft-close technology are the perfect combination with this high-strength workshop furniture. With a load capacity of 60 kg and 120 kg on the deep drawers, this is more than enough to store all your tools.

⑤ EVA FOAM STORAGE

Thanks to our convenient foam inlays, you can store all your tools neatly and conveniently in the cabinets. Not only does this make your work more convenient, it also keeps your set complete because you can quickly see what is missing.

⑥ POWERBOARD AVAILABLE

This unique magnetic power board allows for a variety of possibilities. Using this accessory, you can generate power anywhere in and around your workshop wall. All our cabinets are ventilated by default.

⑦ DOUBLE LAYER INDUSTRIAL POWDER COATING

Thanks to the double UV-resistant coating, your wall not only stays beautiful longer, but its lifespan is improved thanks to the trolley's improved (weather) resistance.

⑧ FULLY CUSTOMISABLE

The workshop Series is completely customisable. Drawers or cabinets, high or low — anything is possible. Please contact us to have a custom wall configured.
